

ACADEMIC QUALIFICATIONS				
Degree/Exam		Board/Institute	%/CGPA	Year
B.Tech Mechanical Engineering		Netaji Subhas University of Technology	71.40 %	2024
CLASS XII		Lovely Public Senior Secondary School, Delhi	92.67 %	2020
CLASS X		Lovely Public Senior Secondary School, Delhi	90.50 %	2018
WORK EXPERIENCE		5 MONTHS (FULL-TIME)		
TURING ENTERPRISES INC		BUSINESS ANALYST	Sep`24 - Feb`25	
RESPONSIBILITIES	- Implemented RLHF to fine-tune model, increasing response accuracy by 12–18% across key AI applications - Led in-depth analysis of over 10+ model parameters, identifying optimization gaps to guide performance - Translated complex model evaluation results into executive reports, enabling informed decision-making - Collaborated cross-functionally with 5+ teams across engineering and product to ensure improvements			
ACHIEVEMENTS	- Trained Apple’s LLM on 240K+ data points, reducing latency by 15% and improving consistency by 20% - Drove performance enhancements in feedback cycles, contributing to a 10% boost in model robustness - Improved LLM alignment with user intent, resulting in a 25% reduction in user complaints in AI use cases - Achieved a 5–8% accuracy improvement over other models by addressing parameter-level inefficiencies			
INTERNSHIP		2 MONTHS		
DELHI METRO RAIL CORPORATION LTD		SUMMER TRAINEE	Jun`23 - Jul`23	
PROJECT PARAMETERS	- Evaluated over 8 metro components, including bogies, brake systems, HVAC, and pneumatic controls Analyzed 4 advanced systems, such as regenerative braking and air suspension, by evaluating the design - Compiled a 25+ page technical report detailing the operations, failures, and safety of 6 key subsystems Collaborated with 3+ DMRC engineers to evaluate system health and identify areas for improvement			
BHARAT HEAVY ELECTRICALS LIMITED		SUMMER TRAINEE	Jun`22 - Jul`22	
PROJECT PARAMETERS	- Comprehended and analyzed 10+ stages of turbine manufacturing and testing, gaining valuable exposure - Explored 5+ core engineering techniques and evaluated their role in achieving precision and performance - Assessed quality control protocols for over 15+ critical components using the given reliability benchmark			
POSITIONS OF RESPONSIBILITY				
Organizing Member, Peña Madridista Delhi	Led the planning and execution of 10+ community activities, including over 7+ match screenings Collaborated with 5+ organizations and venues to deliver consistent, quality experiences all across - Managed logistics for events attended by over 600 fans, ensuring smooth and seamless execution Supported content creation and promotions, driving visibility and building an engaged community			2024
PR HEAD, Team Daedulus Racing	Led marketing and outreach initiatives for NSUT's all-terrain vehicle team, enhancing its visibility Boosted social media reach by 250% and grew audience engagement through targeted strategies - Led the team to achieve a Top 30 finish at the SAE BAJA India, competing against 300+ institutions			2023
PROJECTS AND PAPERS				
SR Analysis of SS321	- Investigated the effect of parameters like cutting speed, feed rate, and depth of cut on SS321 uses - Formulated research objectives to improve the surface quality & efficiency in stainless steel cases - Conducted ANOVA for analysis, enhancing predictability and understanding of surface roughness Achieved a 29% reduction in surface roughness by optimizing parameters with a Genetic Algorithm			2024
FDM based 3D Printer	- Led end-to-end design and assembly of a 3D printer, from frame construction to the final calibration - Integrated mechanical parts, stepper motors, and heating elements ensuring optimal coordination Achieved a 30% cost reduction compared to commercial alternatives by optimizing the design flow Optimized print quality by identifying an operational speed of 30-40 mm/s through thorough tests			2023
ACADEMIC DISTINCTIONS & CO-CURRICULAR ACHIEVEMENTS				
ACADEMIC	Scored 99.11 percentile in Decision-Making section of XAT exam, displaying strategic thinking skills			2025
	Achieved 99.07 percentile in CAT among 3.3 lakh candidates , demonstrating problem-solving skills			2024
	Clinched first division at NSUT , balancing a rigorous engineering curriculum with extracurriculars			2024
	Secured a rank among the top 6 percentile in the JEE Mains exam among over 10 Lakh candidates			2020
CO-CURRICULAR	Mastered problem-solving through the McKinsey Forward Program , tackling complex challenges			2025
	Secured a rank among the top 79 teams out of over 867 teams in a national-level Case Competition			2025
	Completed IBM Product Management Certification, gaining skills in product and agile development			2025
	Pursuing Lean Six Sigma Green Belt Certification by ISCEA to acquire Operations and SCM concepts			2025
	Learned product planning by creating roadmaps and aligning features with user and business goals			2025
	Explored global finance, risk management, and asset valuation through a Financial Markets course			2023
